CATALOGUE ESSAY

ATOM project has been pre-engineered by The A Group and Fincantieri Yachts for a client that didn't move forward. His wish was to have very large VIP staterooms for his guests and allow Staff to be close to them.

The 2 helicopter landing areas would allow quick commuting between the yacht and shore. The 2 x 12m limo tenders was also required for protected sea transport in high comfort.

On the Lower deck you will find huge Beach Club with enclosed pool as well as Gym, Spa and relaxation areas.

The Main deck includes the 6 VIP cabins each of them with His and Hers bathrooms and their own private salon. 6 staff cabins are also implemented on this deck as well as the Cinema room.

The Upper deck shows the Owner's apartments with private terrace facing forward and owner's salon and office. Aft of this deck is a 300sqm salon with view over the infinity pool.

On the Sun deck aft of the wheelhouse and officer's area is the formal dining room for 24 guests and another salon.

The Top deck is dedicated to outside entertainment with huge sunbathing areas and Jacuzzi.

2 lifts provide access to all decks from Lower deck to Top deck
