CATALOGUE ESSAY

Delivered in 2016 by Admiral, part of the Italian Sea Group, Tremenda's striking lines and uncompromising design make her a head turner in any port. In near-new condition she is one of the newest yachts on the market and represents an excellent opportunity for those seeking a quality European build ready to enjoy immediately. The third yacht in Admiral's Impero series, she is an all-aluminium semi-displacement yacht that features exterior styling by Luca Dini, with a sleek and modern interior by Gian Marco Campanino and Admiral Centro Stile. The yacht is able to accommodate 10 guests, in five cabins. Her full beam master, with full beam ensuite, is in premium position on the main deck and boasts seascape views. Two VIP and two double ensuite cabins, all generously appointed, are located on the lower deck.

A stylish interior, with large volumes, features dark joinery, marble panels and leathers that combine to make a masculine and modern design. Floor to ceiling glass in the main saloon floods this space with natural light creating a welcoming and inviting environment that flows seamlessly into the aft cockpit in an open concept layout. Lounge seating, an entertainment system, and a formal dining area are just some of the many impressive features in the expansive main saloon. A spacious main deck foyer, with striking marble backdrop, seamlessly connects the deck spaces.

Outdoor spaces abound on Tremenda – perfect for living the good life and relaxing in the sun – and include a generous bow lounge and large sundeck. The sundeck is a relaxation hub with huge u-shaped sofas, sunpads, a marble bar and all the ingredients necessary for taking it easy. Al fresco dining tables can be found on both the main deck and sundeck, ensuring plenty of options for outdoor dining. One of the stand-out features aboard Tremenda is the full beach club, which has easy access to the sea and a full beam garage packed full of toys and tenders, with a side hull port for easy tender launching.
