### DESCRIPTION

- Our range of Minimal SUP surfboards are inspired by the latest designs from the surf industry and adapted for Stand Up Paddling.
- This ultra compact, modern shape with generous rails, nose and tail is perfect for small- to medium-sized waves. The board generates a lot of speed and acceleration on the take off.
- For a SUP board of this size and volume it still offers exceptional stability in the water, and it's ideal for getting creative in both small and large conditions ;)
- Our years of experience shaping and making boards have enabled us to improve the overall board design in terms of weight and especially board rigidity.

## TECHNICAL INFORMATION

- EPS HD 15kg/m<sup>3</sup>, tri-axe fiberglass, PVC + double sandwich bamboo construction for the deck, extra pvc reinforcement around the nose, rails and tail.
- PVC stringer to increase rigidity (lighter than a traditional wooden stringer). PVC 90 kg/m<sup>3</sup> reinforcement around the handle and the fin boxes for maximum rigidity and durability.
- Using a lighter EPS HD foam has enabled us to reduce the weight of this board by 800 grammes.
- Equipped with 5 fin boxes (standard future)
- The board comes with a set of 4 RWP fiberglass honeycomb fin

## CATALOGUE ESSAY

Our 3 years of experience working on the Source range have helped us arrive at this new surf shape that combines the best of performance, manoeuvrability and comfort.

The Minimal Natural offers impressive stability for a board of this size and volume. Easy to turn and ultra reactive in small waves, it's also a fun board to take out on the bigger days!!!
