### DESCRIPTION

- The Spoon is a brand new range here at Redwood Paddle. A "back to the roots" SUP longboard, which is light, solid and super responsive in the surf!
- Double paulownia / PVC sandwich construction making the board lighter, ultra durable and more rigid!
- The bottom of the board starts with a spoon concave under the nose (ideal for getting those toes on the nose) leading into a flat middle section and a vee around the fin area.
- All these elements combined create exceptional glide, acceleration and ultra smooth rail to rail movement.

## TECHNICAL INFORMATION

- Double paulownia / PVC sandwich construction
- Tri-axe fiberglass
- EPS HD foam core
- Central PVC stringer
- Extra PVC reinforcement around the fin boxes, the carry handle and under the feet.
- The board comes with a set of RWP fiberglass fins (US and standard Future) and full deck pads.
