Guests - 12
Passenger Rooms - 6
Master Rooms - 1
VIP Rooms - 1
Double Rooms - 2
Twin Rooms - 2

OTHER NOTABLES FEATURES

Tenders - 2
Crew - 11

CATALOGUE ESSAY

The yacht is a 50m (164ft) Benetti; the first in their very successful Golden Bay series. She is a fine example of this company's Italian flair and elegance in design. She was designed and built to be able to undertake long cruises in the Mediterranean, Caribbean and other exotic areas. Accordingly, this large motor yacht provides every possible comfort and luxury. Her interior styling was original done by Zuretti and features the use of exceptional materials and highly original details. The master stateroom is still in the original style. During her interior rebuild in 2015, Adrial Rollins gave her a complete new and fresh styling for the next years. Double sliding doors lead into the main saloon. A white oak floor with a silk carpet, great u-shaped leather seating area and a large 75" Samsung TV. Forward to the main saloon is the VIP passage way and on the left the VIP Stateroom. Leading to the main foyer with a day head, and finally to the private owner's area. Entering in the study, to the full beam master bedroom. His and hers bathroom (Jacuzzi, steam bath). The four (4) spacious guest suites on the lower deck are accessed via a staircase from the foyer. There are 2 identical queen suites and 2 identical twin suites. The double suites comprise queen bed, couch, dressing table and full height wardrobe. Their bathrooms shower, WC and wash basin. Taking the floating mirrored stainless steel staircase up from the foyer leads to the bridge deck which leads to the navigation station, and to the wheelhouse which has 2 helm chairs. Aft of the wheelhouse leads to the captain's cabin, his study. Aft of the staircase the day head and sky lounge. The sky lounge has two large sofas with 2 coffee tables. In addition, a card table with 4 chairs, high top breakfast table with four chairs, and a barb with large wine cooler and two sinks. A Samsung 54" Smart TV on starboard forward. The bridge deck pantry features Large wine chiller and espresso machine. The bridge deck offers a choice of spaces; the Portuguese bridge and a sunbathing lounge bed, or the aft deck which offers a shaded dining table for up to 12 guests. There is a full beam cushioned settee aft and foot stools around. A wide and shallow staircase on the port side leads up to the sun deck. The sun deck features sweeping deck spaces which are nicely separated and very functional as either entertainment or relaxation areas. Forward is a raised Jacuzzi area with unobstructed 360-degree views. Mid way is the large bar with sink, 2 fridges. The aft end of the sun deck has a raised area with double sun loungers and chairs. The foredeck houses the smaller tender, wave runner and 2 jet skis, all launched using the 0.6ton crane. A spacious bosun's locker also has escape hatches from the master suite and crew cabins. The guest tender is housed in the aft garage and launched by the 2ton overhead crane. The transom opens up to form a substantial swim platform with fantastic water access.
