- Massage Room
- Outdoor Bar
- Sunpads
- Bow Thruster
- Stern Thruster
- Sun Deck
- Helipad (Touch-N-Go)
- Hammam
- Bathing Platform
- Foredeck Seating & Table

## CATALOGUE ESSAY

The spectacular 280' (85.5m) motoryacht SUNRAYS was delivered in 2010 by the acclaimed Dutch shipyard Oceanco. Built to a Bjorn Johansson design, she is the 5th Hull of their impressive Y700 series. With interior styling by the renowned designer Terence Disdale, every inch of SUNRAYS exudes luxury. Split over six decks, her multi-functional interior layout has been carefully considered for entertaining. Of her many highlights, the spacious main salon offers a lounge and formal dining area, while the bridge deck is home to a lavish spa and a lounge that converts into a home cinema. Accessed by a central elevator, the nine staterooms include an upper deck master stateroom complete with its own private terrace and private Jacuzzi pool, an adjoining VIP stateroom with a sea balcony and a private owner's study with its own sea balcony that can be converted into a separate cabin. An additional VIP stateroom is located on the main deck, along with two double staterooms and two twin staterooms. The lower deck is home to a third VIP stateroom which comes with a fold down balcony in the adjacent foyer at water level. The unique composition continues throughout SUNRAYS' exterior deck areas to provide the ultimate indoor-outdoor living. The vast sundeck features a Jacuzzi flanked by sunbeds, a line-up of sun loungers aft and a semi-enclosed air-conditioned gym that benefitted from a complete overhaul in 2018.
