CATALOGUE ESSAY

Designed by Rainsford Saunders and built by Pride Mega Yachts, ILLUSION PLUS is the largest gigayacht ever to be produced in Asia. ILLUSION PLUS combines performance and comfort while offering the long-range cruising capabilities of 5000 nautical miles at 15 knots. The 88.5-meter, six-deck yacht has benefited from private use since her 2018 launch. An innovative vertical bow and an abundance of interior volume measuring in at 3,642 gross tons coupled with her unique propulsion system make her a truly unique gigayacht. Pride worked closely with Rolls-Royce to create a diesel-electric system with Azipull thruster pods, she is ultra-efficient and quiet, without compromising her speed.
