

# 2020 9,8 m M/Y Foiler Azure For Sale

895,000 €

## QUICK SPEC

Name	Foiler Azure
Builder	Enata Marine
Year	2020
Capacity	6 Guests + 2 Crew
Length Overall	9,8 Meters ( 32 Feet)
Beam	7,2 Meters ( 24 Feet)
Range	190 nm @ 20 kn
Cruising Speed	35 kn
Location	Dubai

## TECHNICAL SPECIFICATIONS

### GENERAL CHARACTERISTICS

Name - Foiler Azure  
Yacht Type - Motor Yacht  
Yacht Subtype - Yacht Tender  
Series, Model, Class - Foiler  
Builder - Enata Marine  
Interior Designer - Enata Marine

### CONSTRUCTION

Builder - Enata Marine  
Year of Build - 2020  
Hull Number - n/a  
Hull Type - Yacht Tender

### DIMENSIONS

Length Overall - 9,8 Meters ( 32 Feet)  
Beam - 7,2 Meters ( 24 Feet)  
Max Draught - 1,9 Meters (6 Feet)  
Gross Tonnage - n/a  
Displacement Tonnage: n/a

### PERFORMANCE & CAPACITIES

Max Speed - 40 kn  
Cruising Speed - 35 kn  
Range (nm) - 190 nm @ 20 kn  
Fuel Capacity - 2,400 litres - 634 gal  
Water Capacity - 500 litres - 132 gal

### ENGINES

Make - n/a  
Model - n/a  
Type - Diesel  
Quantity - 2  
Total Power - 740 hp

### MATERIALS

Hull - Carbon Fiber  
Superstructure - Composite  
Deck - Teak

### ACCOMODATION

Guests - 8

## CATALOGUE ESSAY

The FOILER is a radical evolution from any regular yacht. Its full carbon fibre hull is designed not only for a 007 look but also promises easier take-off, a smooth landing, and comfortable sailing even without using the foils. Awaken your spirit of adventure with FOILER's new hydrostatic 740 hp propulsion system. The foils are fully retractable. With this patented system, the FOILER switches from foiling mode to Archimedean mode in a few seconds. When moored or at the harbour, the foils and torpedoes are entirely out of the water. That way they stay dry and clean, thereby reducing the maintenance. In the FOILER, you fly 1.5m above the sea. Therefore it masters rough weather seamlessly whereas a regular yacht will slam into the waves. This ability to fly above the water allows you to sail in comfort at full speed while regular boats have to slow down as they slam the waves. FOILER's smooth ride will enable you to drive at maximum speeds, even during rough seas. Its smoothness, comfort, and stability not only makes the FOILER much safer than regular boats, but it also eliminates seasickness.

The Azure layout provides generous luxury deck space with a front cabin and a haven of relaxation at the back with extra seating and an enclosed rear. Two solarium areas, plenty of storage and a large retractable table offer a cool and comfortable cruise, making this platform perfect for enjoying leisurely days and nights of family fun on the water.

- Raise your standards and sail above the waves at 40 knots in full comfort. Beauty meets science in the 2019 evolution of the FOILER.
- With a novel 740 hp hydrostatic propulsion system and ENATA's custom torpedoes, the FOILER continues to revolutionise the way you explore the seas.
- The hydro-foiling system enables the boat to fly 1.5 metres above the water, providing an unmatched experience where speed and reactivity are the centrepieces.
