- Stabilizers At Anchor

CATALOGUE ESSAY

The 295'7 / 90.1m Custom motor yacht 'Phoenix 2' was built in 2010 by Lurssen and last refitted in 2011. Winch Design is responsible for her beautiful exterior and interior design. Phoenix 2's interior layout sleeps up to 12 guests in 6 rooms, including a master suite, 2 VIP staterooms and 2 double cabins. She is also capable of carrying up to 28 crew onboard to ensure a relaxed luxury yacht experience. Timeless styling, beautiful furnishings and sumptuous seating feature throughout to create an elegant and comfortable atmosphere. Her generous deck areas play host to a wide range of amenities including an outdoor bar, Jacuzzi and ample space for sunlounging and relaxing. Phoenix 2's impressive leisure and entertainment facilities make her the ideal charter yacht for socialising and entertaining with family and friends. Built with Steel hull and Aluminium superstructure. She features an ultra-modern stabilization system to reduce roll motion effect and ensure the ultimate comfort throughout your charter vacation. With a cruising speed of 14 knots, a maximum speed of 18.1 knots and a range of 6,425nm from her 205,000 litre fuel tanks, she is the perfect combination of performance and luxury. Her exterior incorporates both elegant and streamlined arrowhead design lines that are complemented by more than 100 metres of polished stainless steel handrails uniquely shaped and installed. Her sundeck offers a generous swimming pool with separate Jacuzzi and an exterior cinema. On the inside, Andrew Winch Designs created a Deco bygone era interior with inspiration from the early 20th century. The imaginative use of furnishings, fabrics and furniture influenced by the New York 1930's era, is incorporated into her unique general arrangement which has been carefully designed to provide the clients with exactly the style and practicality of the yacht they require.
