CATALOGUE ESSAY

Delivered from Oceanco in 2012, the 290.35ft /88.5m Custom motor yacht 'NIRVANA' benefits from the interior and exterior design work of Sam Sorgiovanni. Featuring a steel hull and aluminium superstructure, the exterior spaces of superyacht NIRVANA benefit from the innovative design of renowned naval architect Sam Sorgiovanni. Bearing a slightly flared bow and a swooping edge which begins amidship, the yacht's profile is unlike any other. With an abundance of space for entertaining and sunbathing, NIRVANA also includes a 7.5 metre counter-flow swimming pool with the adjacent sun pads forming the centerpiece of the aft deck. Privileging convenience above all else, superyacht NIRVANA provides access to all 6 of her decks via a central elevator decorated with engraved silver bands. Hugely voluminous, the interior spaces -both public and private- benefit from contemporary furnishings and neutral tones to put guests immediately at ease after stepping on board. Sleeping up to 12 guests across a range of 6 well-appointed staterooms, the accommodation of superyacht NIRVANA is comprised of 1 master suite spanning 150 square metres, 1 full-beam VIP suite, and 4 double cabins. She is also capable of discreetly carrying up to 27 crew members in order to ensure a relaxed luxury charter experience.
