CATALOGUE ESSAY

The super chic 247'8 / 75.5m custom motor yacht WHEELS (ex ANASTASIA) was built in 2008 by the esteemed Oceanco shipyard and was last refitted in 2019. Sporting an elegant silhouette, Sam Sorgiovanni is behind her compelling exterior and interior design. She's a sophisticated motor yacht that offers a staggering seven decks of exceptional features for yacht charter guests to enjoy. From her luxe 8-seat cinema with a bespoke sound system to her mesmerizing 360 observation area on the top deck to her dazzling disco space (which the main salon and sundeck convert it) she provides endless entertainment onboard. Plus, she is fully-equipped with an excellent array of toys for thrilling adventures on the open waters. This elegant superyacht comfortably accommodates 12 guests across 6 six rooms. The accommodations pièce de résistance is certainly the opulent split-level master suite on the bridge deck, complete with a mezzanine. Swathes of natural light flood this beautifully-appointed space, creating a supremely serene ambiance. Elsewhere, you'll find 2 VIP staterooms and 3 double cabins decorated in sumptuously neutral tones. Her outdoor spaces equally delight yacht charterers thanks to extensive al-fresco dining and lounging spaces across a number of decks, plus a large Jacuzzi on the sundeck. Built with a steel hull and aluminium superstructure, she offers greater on-board space and is more stable when at anchor thanks to her full-displacement hull. Powered by twin MTU engines, she comfortably cruises at 15 knots, reaches a maximum speed of 18 knots with a range of up to 4,400 nautical miles from her 194,000 litre fuel tanks at 14 knots. An advanced stabilisation system on board reduces the side-to-side roll of the yacht and promises guests exceptional comfort levels at anchor or when underway.
