CATALOGUE ESSAY

The 36.4m/119'5" motor yacht 'Encore' was built by Crescent Yachts in Canada at their Maple Ridge B.C shipyard. This luxury vessel's exterior design is the work of Jack Sarin and she was last refitted in 2013. Encore has been designed to comfortably accommodate up to 8 guests in 4 suites comprising one VIP cabin. She is also capable of carrying up to 3 crew onboard. Built with a GRP hull and GRP superstructure, with grp/teak decks, she benefits from a semi-displacement hull to provide exceptional seakeeping and impressive speeds. Powered by twin diesel Detroit Diesel (16V92TI) 16-cylinder 1,450hp engines, she comfortably cruises at 15 knots, reaches a maximum speed of 21 knots with a range of up to 1,522 nautical miles from her 16,409 litre fuel tanks at 10 knots. Her low draft of 1.7m/5'7" makes her primed for accessing shallow areas and cruising close to the shorelines. Encore features at-anchor stabilizers providing exceptional comfort levels. Her water tanks store around 5,148 Litres of fresh water. She was built to BV (Bureau Veritas) classification society rules.
