## CATALOGUE ESSAY

The 39.6m/129'11" motor yacht 'Sima' was built by CRN in Italy at their Ancona shipyard. Her interior is styled by Italian designer design house Zuccon and she was completed in 2007. This luxury vessel's exterior design is the work of Zuccon. Sima has been designed to comfortably accommodate up to 10 guests in 5 suites. She is also capable of carrying up to 8 crew onboard. Her features include deck jacuzzi, WiFi and air conditioning. Built with a GRP hull and GRP superstructure, with teak decks, she benefits from a semi-displacement hull to provide exceptional seakeeping and impressive speeds. Powered by twin diesel MTU (12V4000M90) engines, she comfortably cruises at 12 knots, reaches a maximum speed of 24 knots with a range of up to 1,350 nautical miles from her 28,000 litre fuel tanks at 23 knots. Sima features at-anchor stabilizers providing exceptional comfort levels. Her water tanks store around 5,000 Litres of fresh water. She was built to RINA (Registro Italiano Navale) classification society rules, and is MCA Compliant.
